

CURRICULUM MANAGEMENT ISSUE PAPER NUMBER 41
TERMINOLOGY CHANGES TO 410-1, FIRELINE HANDBOOK
APPENDIX A – PORTABLE PUMPS/HYDRAULICS
October 25, 2002

BACKGROUND

The 410-1, Fireline Handbook, Appendix A – Portable Pumps/Hydraulics, is the most readily available reference for field users and needs to contain accurate data, be consistent with training, and usable in field situations.

CURRENT STATUS

During the recent revision of S-211, Portable Pumps and Water Use, the SME's have identified that the proposed revision of the 410-1, Fireline Handbook, Appendix A, Portable Pumps/Hydraulics, contains outdated terminology and information.

RECOMMENDATIONS

It is recommended by the S-211 SME group revising S-211, that the proposed changes be made to the present draft revision of the 410-1, Fireline Handbook, Appendix A, Portable Pumps/Hydraulics section. These are contained on pages A-10-12, A-18, and A-21-22 of the enclosed document.

ACTION REQUIRED

Approve the enclosed document of updated terminology and information contained in the present draft revision of 410-1, Fireline Handbook, Appendix A, Portable Pumps/Hydraulics.
